# Marketing Prompt Library — 40 Templates

## 1. Content Plan Generator

```
Role: Marketing Strategist
Audience: Content Manager

Generate a 30-day content plan:
Industry: [INDUSTRY]
Target Audience: [PERSONA]
Channels: [TELEGRAM / LINKEDIN / INSTAGRAM / BLOG]

Format each day:
- Rubric: (Educational, Case Study, Promotion, Behind-the-Scenes, Community)
- Topic
- Hook
- CTA

No promotional posts for first 10 days. Focus on value.
```

## 2. Social Media Post Generator

```
Role: Social Media Manager
Tone: Engaging, value-first

Write a Telegram/Live post based on this content:
[CONTENT]

Constraints:
- Max 300 words
- At least one question for audience
- One emoji maximum
- Clear takeaway action

Format: Bold header, body paragraphs, CTA at the end.
```

## 3. Carousel Script Template

```
Role: Content Creator
Audience: Instagram Carousel

Create a 7-slide carousel script titled "[TITLE]":
Slide 1: Hook + problem statement
Slide 2-5: Solutions (one per slide)
Slide 6: Case study / example
Slide 7: Takeaway + CTA

Each slide: max 40 words. No lists.
```

## 4. Landing Page Copy Generator

```
Role: Copywriter
Audience: Landing Page Designer

Write landing page copy for [PRODUCT/SERVICE]:
- Headline (max 8 words)
- Subheadline (max 20 words)
- Pain Points (3 bullet points)
```

```
- Solution Benefits (3 benefits)
- Social Proof / Data
- CTA: "Get [Product] now" or "Book a call"

Tone: Benefit-focused, no fluff. Include price anchor if applicable.
```

## 5. Email Subject Line Generator

```
Role: Email Marketer
Format: Table with 10 subject lines

Generate 10 email subject lines for:
Topic: [TOPIC]
Audience: [AUDIENCE]

Constraints:
- Max 45 characters
- Mix of curiosity, benefit, urgency
- No clickbait
- Clear expectation of content
```

## 6. A/B Hypothesis Generator

```
Role: Growth Marketer
Format: 6 A/B test hypotheses

Generate 6 A/B hypotheses for improving [METRIC] on [PLATFORM]:
For each: variant idea, expected impact %, effort level (low/medium/high)

Focus on: headlines, CTAs, social proof, pricing presentation, form length
```

## 7. Competitor Analysis Template

```
Role: Marketing Analyst
Audience: Team

Analyze competitor [COMPETITOR_URL]:
1. Value proposition (their headline + your counter)
2. Pricing model (compare with yours)
3. Content strategy (channels, posting frequency)
4. Customer engagement (comments, response quality)
5. Weak spots you can exploit

Present in a table format.
```

## 8. Blog Post Outline Generator

```
Role: Editor
Audience: Content Writer

Create a blog post outline on "[TOPIC]" for [AUDIENCE]:
- Working title
- Target word count
- 5-7 H2 sections
- For each section: 2-3 key points
- Target keywords
- Expected outcome: [CONVERSION GOAL]
```

## 9. Video Script Generator

```
Role: Video Editor
Audience: YouTube/TikTok Creator

Write a 60-second video script on "[TOPIC]":
- Hook (first 3 seconds)
- Problem (next 10 seconds)
- Solution (next 25 seconds)
- Proof (next 15 seconds)
- CTA (last 10 seconds)

Use conversational tone. No jargon.
```

## 10. Case Study Template

```
Role: Content Marketer
Format: Problem → Solution → Results

Create a case study:
Client: [CLIENT OR ANONYMOUS]
Challenge: [BRIEF DESCRIPTION]
Our Process: [STEPS TAKEN]
Results: [MEASURABLE OUTCOMES]
Lessons Learned: [1-2 INSIGHTS]

Format as a professional writeup with metrics, max 800 words.
```

> **Tip:** Use `### VARIANT B ###` marker in posts to enable A/B testing in the publishing pipeline.
